Guidelines for Yard Waste and Brush Pickup

Yard Waste and Brush will be picked up by a contractor of Town of Pilot Mountain.

Waste Management will not pick up your household garbage if there is yard waste in the garbage cans.

Yard Waste such as grass clippings, small twigs, vines, garden plants, bush clippings, etc, should be placed in bags and set by the curb, separate from your garbage cans.

Brush such as tree trimmings, branches, and small limbs should be stacked neatly in a pile with the cut edges at the curb edge. Do not use rope, wire or ties. It is not necessary to cut tree trimmings into small sections. The cut end should be no larger than 3" in diameter.

LEAF COLLECTION BEGINS OCTOBER 15th AND RUNS TILL January 15th ALL OTHER TIMES LEAVES MUST BE BAGGED.

We will make every attempt to pick up Yard Waste and Brush bi-weekly.

Thank you for your patience and cooperation.
Town of Pilot Mountain
